

**AUTHORIZED BUILDING
CONTROLS SPECIALIST**

Authorized Building Controls Specialists (ABCSs) are building automation system suppliers who are contracted with Johnson Controls because they have proven technical ability and unique strengths in their assigned market area. ABCS Team Members are fully authorized to provide Johnson Controls systems.

MICONTROLS INC.

is a member of this distinguished team and has an excellent reputation for consistently satisfying its customers with high quality systems. The team's distinct expertise in building automation systems and controls spans a broad range of specific end-user applications.

As an ABCS, they provide world-class Facility Explorer controls and supervisory systems from Johnson Controls. All Johnson Controls products supplied will bear our warranty and our commitment to total quality and customer satisfaction.

This designation is valid through September 30, 2013.
